

Assembly instructions

IN034 Oval Textile Desk 60

The contents of the package:

- A. Carry bag: 1 pc.
- B. Wooden tops: 2 pcs.
- C. Aluminum tubes: 3 pairs.
- D. Desk customization: 1 pc.

1. Take the wooden top provided with two inner cutouts and place it on the floor with the white side up.

2. Take a pair of aluminum tubes: insert each tube into its pair by pressing the button until it is inserted into the free hole. Proceed in the same way until you mount all three tubes as shown in the picture no. 2

3. Take one aluminum tube thus formed and insert it into the plastic support on the counter by twisting it left or right so that the button on the tube is fixed in the groove as in image no. 3. Proceed in the same way until all three tubes are fixed in the top.

4. Place the desk customization on the outside of the assembly's aluminum tubes as shown in the image. Make sure that the customization is positioned with the bottom side down.

Assembly instructions

IN034 Oval Textile Desk 60

5. Turn the assembly thus formed with the top up as shown in the picture.

6. The personalization of the desk is provided with a silicone strip that must be inserted into the perimeter groove on the counter. Make sure the customization is positioned correctly by aligning the customization seam with the cutout on the tabletop. Continue to insert the silicone strip into the perimeter groove around the countertop until it is completely inserted, as shown in the image.

7. Turn over the assembly thus formed with the top down as shown in the picture. Place the second wooden top on the floor with the white side up.

8. Position the second wooden top over the first top and fix the aluminium tubes like in step no. 3.

9. Lift the desk customization from the bottom up, twist the silicone strip under the fabric until it is no longer visible and insert it into the perimeter groove on the counter until it is completely fixed. Make sure the personalization is positioned correctly by aligning the personalization seam with the cutout on the wooden top.

For the Desk version with the lighting option, insert the plug corresponding to the power cable into the socket.

Now the Oval Textile Desk is ready for display.
