

Assembly instructions

RO020 RO022 RollUp Banner Luxury

Conținutul coletului:

Textile carry bag: 1 piece

RollUp Banner system/box: 1 piece

Three-section pole: 1 piece.

1. Place the RollUp on the floor and take out the three-section pole from its box. Unfold the pole and connect it together to form one long pole, as shown in the picture.

2. Insert the pole vertically into the slot located on the back side of the box, as shown in the picture. The pole must go through the box slot all the way to the base. Inserted correctly, the pole will self-sustain and thus the Rollup will not swing. Please make sure that the pole is inserted to the end.

3. Gently pull out the graphic from the box with your foot stepped on the Rollup box and one hand holding the metal wand.

4-5. Pulling straight the graphic, place the plastic end of the three-section pole into the middle of the Rollup's metal wand. For easier fixing, tilt the metal wand 45 degrees, as shown in the picture.

6. If necessary, you can adjust the inclination of the RollUp by rotating the two support legs at the front of the box.

To move the RollUp Banner is recommended to hold it from the three-section pole from the back.

The pictures are for presentation only; your product can be slightly different!
